Signal Mountain, Tennessee

**1950**

## ABOUT THESE PLANTS - - - - -

Divisions listed in this offering are from breeding and exhibition plants, which are so valuable we never offer them for sale. As these superb plants develop healthy divisions, we offer the divisions for sale. Before offering these divisions, we have carefully checked the bloom record of the plant over a period of years to determine its consistency and superior blooming qualities.

These divisions are well established in clay pots and are of flowering size. Descriptions given are as accurate a portrayal of the flower as we are able to make. Divisions may be purchased with full confidence that we stand behind their description and quality. There is only one division of most plants offered, so we ask that you express a second and third choice when ordering. Unless otherwise requested, all divisions shipped in the United States will be shipped in clay pots by air express, f. o. b. Chattanooga. There is no packing charge.

In purchasing one of these divisions, you will acquire an aristocrat among orchids - the finest we have to offer.

CLINT McDADE & SONS  
Signal Mountain, Tennessee

		SEASON	PRICE
